ASX ANNOUNCEMENT 21st FEBRUARY 2007

CLARIFICATION OF PREVIOUS ASX RELEASE

Further to our previous announcement dated 21st February 2007 titled "Letter of Intent Signed for Acquisition of Witbank Coal Project", the board of Centralian Minerals Limited would like to clarify that the quantum of coal discussed does not meet the JORC Code for being classified as a "resource" and as such any reference to "resource" should be interpreted as "mineralisation".

In addition, any statements identifying quantum are conceptual in nature and are subject to technical a review that is currently underway.

TIM KESTELL- Director
